Log No. Summary

This chapter summarises all software changes that have been made in this release.

These changes are derived from the following sources,

- Issues raised by Customers via Exor Support
- Issues raised internally by Exor

Issues

Internal Task ID	Issue	Support Log(s)
0112309	Fixed a bug that caused an "ORA-20000: HIG-0067: Record not found: nm_inv_types (ITY_PK) nit_inv_type => XX" error when loading an inspection file containing 2 character asset type codes and 4 character asset codes are being used in Asset Manager.
