| <code>log_mai_4500_fix2.sql</code> | 3.0 |
| <code>mai3505.rep</code> | 5.1 |
| <code>mai3802.fmx</code> | 5.3 |

Log No. Summary

This chapter summarises all software changes that have been made in this release.

These changes are derived from the following sources,

- Issues raised by Customers via Bentley Support
- Issues raised internally by Bentley

Issues

| Internal Task ID | Issue | Support Log(s) |
|------------------|--|----------------|
| 0111775 | Maintain Works Order - Contractor Interface form (MAI3802) did not highlight any document associations on the toolbar. The form has been modified to indicate any associations | 8001274055 |
| 0111777 | Work Order Summary Report (MAI3505) was not including details for end-dated sections. Also, details reported were not being restricted by Work Category when this was specified. The report has been modified to resolve both issues | 8001227408 |
